

Careers

Great Opportunities

By joining the team at Vekta, you will:

- > Become part of a national surveying company.
- > Experience the stability of a firm that has been in operation for over 60 years, with the flexibility of a medium sized entity and the dynamics of a company on the move.
- > Become part of a company that encourages continuing professional development.
- > Enjoy excellent conditions and working environment.
- > Explore opportunities to grow with, and participate in, the future of the company.
- > Take the opportunity to travel between offices on a short or long term basis.
- > Feel secure in the knowledge you are working for a company committed to quality assurance and occupational health and safety.
- > Consider the graduate program for exposure to all areas of the company.
